In answer to your inquiry, we are sending you a general arrangement and sail plan. This, with our shop specifications, will give you a fair idea of what this little vessel will be. The price is eighty-five hundred dollars (\$8500.00).

We expect to keep building one or more of these boats at intervals as it fits in with our service work; and we would be pleased at any time to discuss your requirements, should you want to modify this boat within the range of her possibilities.

Yours very truly,

PEIRCE & KILBURN CORPORATION
